Text

HackZurich 2020

Since 2014, HackZurich unites the world's best tech talents, selected from thousands of applications, representing several elite universities and leading organizations from +85 countries, to collaborate and develop innovative web-, mobile- and hardware applications during a 40-hours hackathon in teams of 2 to 4. Global industries and organizations provide the latest technologies, tools, and APIs to spark the creation of new prototypes. HackZurich is an unforgettable adventure that every tech-talent should experience at least once in their lifetime: A fun and unique opportunity to touch base with new technologies, innovative communities and career opportunities.

The participation is free of charge. Travel expenses will be reimbursed. All rights of the developed products remain with the persons who developed them.

Apply on July 22, 2020 on www.hackzurich.com
